**(For Internal and Restricted use only)**  
**Secondary School Examination February - 2025**  
**SUBJECT NAME: Social Science      SUBJECT CODE 087      PAPER CODE 32/2/1**

**General Instructions: -**

1. You are aware that evaluation is the most important process in the actual and correct assessment of the candidates. A small mistake in evaluation may lead to serious problems which may affect the future of the candidates, education system and teaching profession. To avoid mistakes, it is requested that before starting evaluation, you must read and understand the spot evaluation guidelines carefully.
2. **“Evaluation policy is a confidential policy as it is related to the confidentiality of the examinations conducted, Evaluation done and several other aspects. Its’ leakage to public in any manner could lead to derailment of the examination system and affect the life and future of millions of candidates. Sharing this policy/document to anyone, publishing in any magazine and printing in News Paper/Website etc may invite action under various rules of the Board and IPC.”**
3. Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done according to one’s own interpretation or any other consideration. Marking Scheme should be strictly adhered to and religiously followed. **However, while evaluating, answers which are based on latest information or knowledge and/or are innovative, they may be assessed for their correctness otherwise and due marks be awarded to them. In **Class-X**, while evaluating two competency-based questions, please try to understand given answer and even if reply is not from marking scheme but correct competency is enumerated by the candidate, due marks should be awarded.**
4. The Marking scheme carries only suggested value points for the answers. These are in the nature of Guidelines only and do not constitute the complete answer. The students can have their own expression and if the expression is correct, the due marks should be awarded accordingly.
5. The Head-Examiner must go through the first five answer books evaluated by each evaluator on the first day, to ensure that evaluation has been carried out as per the instructions given in the Marking Scheme. If there is any variation, the same should be zero after deliberation and discussion. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluators.
6. Evaluators will mark (✓) wherever answer is correct. For wrong answer CROSS ‘X’ be marked. Evaluators will not put right (✓) while evaluating which gives an impression that answer is correct and no marks are awarded. **This is most common mistake which evaluators are committing.**
7. If a question has parts, please award marks on the right-hand side for each part. Marks awarded for different parts of the question should then be totaled up and written in the left-hand margin and encircled. This may be followed strictly.
8. If a question does not have any parts, marks must be awarded in the left-hand margin and encircled. This may also be followed strictly.
9. If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out with a note **“Extra Question”**.
10. No marks to be deducted for the cumulative effect of an error. It should be penalized only once.
11. A full scale of marks \_\_\_\_80\_\_\_\_(example 0 to 80/70/60/50/40/30 marks as given in Question Paper) has to be used. Please do not hesitate to award full marks if the answer deserves it.
12. Every examiner has to necessarily do evaluation work for full working hours i.e., 8 hours every day and evaluate 20 answer books per day in main subjects and 25 answer books per day in other subjects (Details are given in Spot Guidelines).

13.	<p>Ensure that you do not make the following common types of errors committed by the Examiner in the past:- Giving more marks for an answer than assigned to it.</p> <ul style="list-style-type: none"> <li>● Wrong totaling of marks awarded on an answer.</li> <li>● Wrong transfer of marks from the inside pages of the answer book to the title page.</li> </ul> <p>Wrong question wise totaling on the title page.</p> <ul style="list-style-type: none"> <li>● Leaving answer or part thereof unassessed in an answer book.</li> <li>● Wrong totaling of marks of the two columns on the title page.</li> <li>● Wrong grand total.</li> <li>● Marks in words and figures not tallying/not same.</li> <li>● Wrong transfer of marks from the answer book to online award list.</li> <li>● Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.)</li> <li>● Half or a part of answer marked correct and the rest as wrong, but no marks awarded.</li> </ul>
14.	While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0) Marks.
15.	Any un assessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously.
16.	The Examiners should acquaint themselves with the guidelines given in the “ <b>Guidelines for spot Evaluation</b> ” before starting the actual evaluation.
17.	Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
18.	The candidates are entitled to obtain photocopy of the Answer Book on request on payment of the prescribed processing fee. All Examiners/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points for each answer as given in the Marking Scheme.

21	<p><b>(a) How did reinterpretation of history become a means of creating a sense of nationalism by the end of the nineteenth century in India? Explain.</b></p> <p>(i) By the end of the nineteenth century many Indians began feeling that to instill a sense of pride in the nation, Indian history had to be thought about differently.</p> <p>(ii) The British saw Indians as backward and primitive, incapable of governing themselves. In response, Indians began looking into the past to discover India's great achievements.</p> <p>(iii) They wrote about the glorious developments in ancient times when art and architecture, science and mathematics, religion and culture, law and philosophy, crafts and trade had flourished.</p> <p>(iv) This glorious time, in their view, was followed by a history of decline, when India was colonised.</p> <p>(v) These nationalist histories urged the readers to take pride in India's great achievements in the past and struggle to change the miserable conditions of life under British rule.</p> <p>(vi) Any other relevant point.</p> <p><b>(Any two points to be explained.)</b></p> <p style="text-align: center;"><b>OR</b></p> <p><b>(b) How did symbols and icons contribute to create a feeling of nationalism among the people in the national movement of India? Explain</b></p> <p>(i) The identity of the nation is most often symbolised in a figure or image. This helps create an image with which people can identify the nation.</p>	48 H	2X1=2
		47 H	2X1=2

	<p>(ii) In the twentieth century, with the growth of nationalism the identity of India came to be visually associated with the image of Bharat Mata. This image was first created by Bankim Chandra Chattopadhyay through his song Vandematram.</p> <p>(iii) Moved by the Swadeshi movement, Abanindranath Tagore painted his famous image of Bharat Mata.</p> <p>(iv) During the Swadeshi movement in Bengal, a tricolour flag (red, green and yellow) was designed. It had eight lotuses representing eight provinces of British India, and a crescent moon, representing Hindus and Muslims.</p> <p>(v) By 1921, Gandhiji had designed the Swaraj flag. It was again a tricolour (red, green and white) and had a spinning wheel in the centre,</p> <p>(vi) Carrying the flag, holding it aloft, during marches became a symbol of defiance.</p> <p>(vii) Any other relevant point.</p> <p><b>(Any two points to be explained.)</b></p>		
22	<p><b>Why is planning necessary for judicious use of resources? Explain.</b></p> <p>(i) Planning is the widely accepted strategy for judicious use of resources.</p> <p>(ii) It has importance in a country like India, which has enormous diversity in the availability of resources.</p> <p>(iii) There are regions which are rich in certain types of resources but are deficient in some other resources.</p> <p>(iv) There are some regions which can be considered self-sufficient in terms of the availability of resources and there are some regions which have acute shortage of some vital resources.</p> <p>(v) For example, the states of Jharkhand, Chhattisgarh and Madhya Pradesh are rich in minerals and coal deposits.</p> <p>(vi) Arunachal Pradesh has abundance of water resources but lacks in infrastructural development.</p> <p>(vii) The state of Rajasthan is very well endowed with solar and wind energy but lacks in water resources.</p> <p>(viii) The cold desert of Ladakh is relatively isolated from the rest of the country. It has very rich cultural heritage but it is deficient in water, infrastructure and some vital minerals.</p>	2 G	2X1=2

	<p>(ix) This calls for balanced resource planning at the national, state, regional and local levels.</p> <p>(x) Any other relevant point.</p> <p><b>(Any two points to be explained.)</b></p>		
<b>23</b>	<p><b>Describe any two provisions made in the constitution to establish the model of ‘secular governance’ in India.</b></p> <p>(i) There is no official religion for the Indian state.</p> <p>(ii) Our Constitution does not give a special status to any religion.</p> <p>(iii) The Constitution provides to all individuals and communities, freedom to profess, practice and propagate any religion, or not to follow any.</p> <p>(iv) The Constitution prohibits discrimination on grounds of religion.</p> <p>(v) At the same time, the Constitution allows the state to intervene in the matters of religion in order to ensure equality within religious communities. For example, it bans untouchability.</p> <p>(vi) Any other relevant point.</p> <p><b>(Any two points to be described.)</b></p>	<b>37 P</b>	<b>2X1=2</b>
<b>24</b>	<p><b>“Globalisation is the process of rapid integration and interconnection between countries.” Explain the statement with examples.</b></p> <p>(i) Foreign trade between countries has been rising rapidly.</p> <p>(ii) Activities of most MNCs involve substantial trade in goods and also services.</p> <p>(iii) Greater foreign investment results in the greater integration of production.</p> <p>(iv) Greater foreign trade led to greater integration of markets across countries.</p> <p>(v) More and more goods and services, investments and technology are moving between countries.</p> <p>(vi) Most regions of the world are in closer contact with each other than a few decades back.</p> <p>(vii) Any other relevant point.</p> <p><b>(Any two points to be explained.)</b></p>	<b>61 E</b>	<b>2X1=2</b>

- (i) Groundwater is an example of renewable resource. This resource is replenished by nature.
- (ii) Even this resource may be overused by excessive irrigation, industries etc.
- (iii) In the case of groundwater, if we use more than what is being replenished by rain then we would be overusing this resource.
- (iv) Any other relevant point

**(Any two points to be explained.)**

**Examples in the context of sustainability:**

- (i) Recent evidence suggests that the groundwater is under serious threat of overuse in many parts of the country.

	<p>(ii) Many districts have reported steep decline in water level.</p> <p>(iii) Nearly one-third of the country is overusing their groundwater reserves.</p> <p>(iv) In the coming years, if the present way of using this resource continues, most parts of the country will face a serious water crisis.</p> <p>(v) Groundwater overuse is particularly found in the agriculturally prosperous regions of Punjab and Western U.P., hard rock plateau areas of central and south India, some coastal areas and the rapidly growing urban settlements.</p> <p>(vi) Any other relevant point.</p> <p><b>(Any three points to be explained.)</b></p>

<b>34</b>	<p><b>Read the given source and answer the questions that follow:</b></p> <p style="text-align: center;"><b>Print Culture and the French Revolution</b></p> <p>Many historians have argued that print culture created the conditions within which French Revolution occurred. Some arguments have been usually put forward in this context.</p> <p>First: print popularised the ideas of the Enlightenment thinkers. Collectively, their writings provided a critical commentary on tradition, superstition and despotism. They argued for the rule of reason rather than custom, and demanded that everything be judged through the application of reason and rationality. They attacked the sacred authority of the Church and the despotic power of the state, thus eroding the legitimacy of a social order based on tradition. The writings of Voltaire and Rousseau were read widely; and those who read these books saw the world through new eyes, eyes that were questioning, critical and rational.</p> <p>Second: print created a new culture of dialogue and debate. All values, norms and institutions were re-evaluated and discussed by a public that had become aware of the power of reason, and recognised the need to question existing ideas and beliefs. Within this public culture, new ideas of social revolution came into being.</p> <p><b>34.1. <b>35</b>	<p><b>Read the given source and answer the questions that follow:</b></p> <p style="text-align: center;"><b>Decentralisation in India</b></p> <p>The need for decentralisation was recognised in our Constitution. Since then, there have been several attempts to decentralise power to the level of villages and towns. Panchayats in villages and municipalities in urban areas were set up in all the States. But these were directly under the control of state governments. Elections to these local governments were not held regularly. Local governments did not have any powers or resources of their own. Thus, there was very little decentralisation in effective terms. A major step towards decentralisation was taken in 1992. The Constitution was amended to make the third-tier of democracy more powerful and effective.</p> <p><b>35.1. At how many levels has decentralisation of power been done in the Indian Constitution?
