To avoid mistakes, it is requested that before starting evaluation, you must read and understand the spot evaluation guidelines carefully.</p>
2	<p>“Evaluation policy is a confidential policy as it is related to the confidentiality of the examinations conducted, Evaluation done and several other aspects. Its’ leakage to public in any manner could lead to derailment of the examination system and affect the life and future of millions of candidates. 3	<p>Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done according to one’s own interpretation or any other consideration. 4	<p>The Marking Scheme carries all value points for the answers. Students may/can express these value points in their own words and if the expression is correct, due marks should be awarded accordingly.</p>

If there is any variation, the same should be zero after deliberation and discussion. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluators.</p>
